Compact and easy to deploy and fold

Fully guarded for operator safety

No separate outriggers required

Robust construction

# Podium TS100

## Low Level Access System

**UpRight Podium TS100 is a welded, lightweight, compact, work platform which offers the operator a safe and stable working platform at 1m height.**

With a safe working load of 150kg, this work platform provides a fast, simple and cost effective solution for low level access for all types of contractors, shop-fitting, electrical, heating and ventilation, sign-writing, painting and more.

The simplicity of the design reduces the risk of incorrect assembly.

Compliant with Work at Height Directive, PAS 250 Certified and the latest standards for low level access.
