

SNAPPY

Work Platform & Low Level Access

The Snappy is a lightweight work platform which folds out and is assembled in seconds! Manufactured from heavy-duty lightweight aluminium, the Snappy is robust, compact and highly versatile. With our innovative Rib-Grip™ process, it is 3 times stronger than traditional welds!

key features

- High strength rust-free 2" aluminium tube.
- Snap out base and is assembled in seconds.
- Fully guarded with an anti-slip platform and ribbed frames to ensure user safety.
- Load Class 3 and complies with EN1004 and BS1139-6
- **Dimensions:** 2.5m x 0.89m x 1/2/3/4m
- **Safe Working Load:** 360 kg

Rib-Grip:
Cold-Formed Joints
have **3 times** the
strength of welded
joints

Compact: The
Snappy will fit
through most
doors, and is easy
to assemble and
dismantle.
