

# SPAN 500<sup>PRO</sup>

## Work Platform & Access Tower

The Span 500 Pro is a lightweight, fast and easy to assemble tower with a rung spacing of 500mm. This versatile ladder-frame tower can be used to construct simple freestanding mobile towers or more complex staging systems using a host of accessories. Our z-configuration bracing enables quick, trouble free assembly while providing a very rigid structure. The Span 500 Pro is also available in corporate colours (depending on order size).

### key features
